

CFSC Opens New Jamaica Financial Service Center, Expanding its Presence in Queens

JAMAICA, NY — June 15, 2026 — CFSC (Community Financial Service Centers) is proud to announce the opening of its newest financial service center at 135-08 Jamaica Avenue in Richmond Hill, NY, further expanding its footprint in Queens, highlighting reliable, community-focused financial services for residents and local businesses. Previously a money center, now under new management with CFSC, customers can enjoy additional services, longer hours, and management expertise that is second-to-none in the financial services industry.

The new Jamaica location is open seven days a week and offers a full suite of convenient financial solutions designed to meet the everyday needs of consumers and business owners. Customers can access check cashing, money transfers, money orders, bill payment services, prepaid debit card solutions, and a variety of additional financial products—all delivered with the personalized customer service CFSC is known for.

Designed to support both personal and commercial financial needs, the branch provides fast, dependable service that helps customers complete transactions efficiently. Through CFSC's commercial services division, qualifying businesses can cash checks the same day, helping improve cash flow and keep daily operations running smoothly.

"Today, though there are a lot of options available to customers and small business operators when it comes to sending money or paying bills, it's always good to speak with a trustworthy CFSC representative to assist with these transactions," explains Chief Marketing Officer, Gina Palumbo. *"Our knowledgeable bilingual team takes pride in providing personalized service and helping customers navigate everything from routine transactions to more complex financial needs, plus there is a level of comfort we provide versus dealing with uncertain digital options available by phone or on the worldwide web."*

Customers visiting the new Jamaica branch can also sign up for the exclusive Yes! Debit Card, which includes valuable features such as:

- Online account access
- No minimum balance requirements
- No credit check needed to apply
- A free savings account
- Free reloads at any CFSC location
- Worldwide acceptance anywhere Visa is accepted

In addition to core financial services, customers can purchase and reload OMNY cards and E-ZPass tags, making the location a convenient stop for commuters traveling throughout New York City. Select CFSC locations also offer foreign currency exchange services for customers preparing for international travel or visiting here in the US.

With 72 locations throughout New York and New Jersey and 130 stores across nine states nationwide, CFSC continues to invest in the communities it serves while delivering fast, face-to-face financial solutions backed by exceptional customer care. Additional states include Illinois, Indiana, Wisconsin, Massachusetts, California, Colorado, and Missouri.

Conveniently located in the heart of Jamaica, the new branch serves as a one-stop destination for financial and supporting services, including Western Union money transfers, money orders, bill payments, document printing, lottery purchases, and more. Whether customers are managing personal finances or handling business transactions, CFSC's experienced team is committed to providing dependable service with speed, accuracy, and care.

To celebrate the grand opening, CFSC is offering a limited-time no-fee money order promotion, giving customers the opportunity to experience the convenience and value of CFSC's services firsthand.
